## **OFFICIAL**

**OIG:** The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The OIG receives and investigates complaints or information about inefficiencies, mismanagement, or gross waste of funds; possible violations of law, rules, or regulations by NASA employees, contractors, or others; or substantial and specific danger to the public health and safety. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024. (OIG)

**DISCRIMINATION COMPLAINTS:** Whenever a KSC employee or applicant for employment believes they have been discriminated against, the employee **must contact an EEO Counselor within 45 calendar days** of the incident giving rise to the complaint. EEO Counselors are trained to inform you of your rights, answer your questions, and can do limited fact finding into your allegations. An informative Equal Employment Opportunity Program poster with counselor's identities and further complaint information is on all KSC Official Bulletin Boards. About Discrimination (Your Rights) is available on the Equal Opportunity Office website at [www.ksc.nasa.gov/nasa-only/eo/discrimination.html](http://www.ksc.nasa.gov/nasa-only/eo/discrimination.html). For further information, contact the KSC EO Program Office at 867-9165. (AJ)

**FEDERAL EMPLOYEE HEALTH BENEFITS FOR MILITARY RETIREES:** CHAMPUS coverage for military retirees is automatically transferred from CHAMPUS to Medicare coverage upon attaining the Medicare eligibility, at age 65. Employees have 31 days from the date of loss of CHAMPUS to enroll in a Federal Employees Health Benefit (FEHB) plan. Military retirees who are thinking about retiring from civilian service before reaching Medicare eligibility are reminded: to have FEHB coverage as retiree, an employee must be enrolled at the time of retirement; to insure coverage, they should enroll in an FEHB plan that takes effect before the retirement date elected. To keep FEHB after retirement, employees must be enrolled for at least 5 years; and coverage under CHAMPUS counts towards eligibility to carry FEHB into retirement. Questions regarding health benefits should be referred to Kathleen Ellis (867-2002), or Lisa Fowler (867-1883), Benefits Team, Personnel Office, Headquarters Building, Room 2506. (BA-B)

**EMPLOYEES PLANNING FOR RETIREMENT:** To make tentative annuity computations, verify creditable service, and process an application for retirement, employees considering retirement should assure that all military and civilian service has been properly documented in their personnel records. Although dates of military service may have been previously recorded and verified, these dates should be reverified so there will be no delay in the receipt of annuity checks. Employees who have had active military service should submit to Kathleen Ellis or Lisa Fowler, Retirement Counselors, Personnel Office Benefits Team (BA-B), copies of their military discharge papers, DD 214, or other documents showing the beginning and ending dates of active service. Employees who do not ensure that all active duty military service is properly documented may experience a delay in the receipt of full annuity payments from OPM upon retirement from civil service. Contact Kathleen Ellis at 867-2002 or Lisa Fowler at 867-1883, Headquarters, Room 2506. (BA-B)

**MISUSE OF OFFICE COPIER PAPER:** Paper delivered to the Lanier copiers must not be used for any purpose other than making copies on Lanier copiers. Copier paper is much more expensive than that of paper issued for typing; fax machines, or laser printers, as the cost of delivery services are included. Paper for typing, faxing, and laser printers should be requisitioned from your designated Supply Support Service Vendor. Contact Ann Gary, 867-9103, if you have any questions. (IT-D1).

**RIDESHARING PROGRAM:** If you are interested in joining an existing car/van pools or forming a new one, contact the Space Coast Commuter Assistance (SCCA) at 952-4563, ext. 301, or [www.ridesecat.com](http://www.ridesecat.com). Click on the "Space Coast Commuter Assistance" tab, then "carpool matching" or "vanpool matching." Fill out the "Information Request Form" online, and submit it. The information provided on the form will be fed into a computer which matches people by residential areas and compatibility of work hours. SCCA will mail the submitter a list of potential car/van pools. (TA-E1)

**ORDERING BLANK FORMS/PUBLICATIONS:** All requests for blank forms and publications should be submitted on KSC Form 7-11 to the Forms Warehouse (mail code: "FORMS WAREHOUSE"). Allow approximately 5 working days to receive the requested material. Any requests for emergency or work-stoppage forms will be handled by Forms Control by calling 867-3590. Customers should not go directly to the warehouse to pick up forms without calling Forms Control first. Customers cannot call the Forms Warehouse direct because they have an unlisted telephone number. (TA-E1)

**GRAPHICS/PUBLICATIONS:** Before you begin any work for publication, consult the JBOSC Graphics Department. According to the print shop, approximately three jobs per week have to be reworked because of problems with alignments, reductions, and postscript formats. By consulting with JBOSC Graphics first, you will eliminate wasted time and effort to rework your project. Graphics will ensure your artwork is produced efficiently and is suitable for reproduction. Graphics has electronic transfer capability, a proven method for first quality prints directly from the original, compared to low density reproductions from copied artwork. For information, call 867-3838. For your convenience, JBOSC Graphics has two additional offices located in the O&C Building, Room 1152, 867-7419; and, in the OSB Building, Room 6204, 861-3814. ## **KSC/CCAFS HEALTH EDUCATION & WELLNESS PROGRAM: February 2005 Cardiovascular Disease Health**

Many know that heart disease is the largest epidemic in the United States today. About 700,000 deaths are attributed to heart disease each year. In addition, about 85% of those who develop symptoms of heart disease have at least one known heart disease risk factor. In recognition of heart month, the February HEWP packet contains information regarding risk factors and basic prevention for cardiovascular disease. In addition, cholesterol terms and types of dietary fats are listed. The packet is available on the HEWP website: <http://sgs.ksc.nasa.gov/sgs/sites/other/chs/omehs/occmcd/home/index.cfm?page=hew>

Hardcopies of the packet will also be available at all medical and fitness facilities. If you or your department/organization would like to be added to the monthly packet hardcopy distribution list, please call Kris Calderon at 867-3414.

### **\*SPECIAL EVENT AT KSC - GO RED FOR WOMEN (GRFW)**

Heart disease, stroke and other cardiovascular diseases claim more women's lives each year than the next five causes of death combined, and nearly twice as many as all forms of cancer, including breast cancer. The *GRFW* campaign is an effort to educate all KSC employees about this major health problem. We encourage all employees to participate either in person or via the internet or NASA TV.
